This item of local historical political memorabilia has been revived and posted by our Club, both for its general interest and to remind us that community political spirit helps to tie the community together and depends upon the persistent and proud work of ourselves and our neighbors.

With the passage of time, "politics" and "partisan" have increasingly been treated by some as being close to epithets. In fact, it is only by people organizing together, to discuss and work for the common good, that our local, county, state and national objectives have been achieved.

Those who always sit on a fence, instead of taking the risk of creativity, choice and responsibility, would soon find themselves helplessly adrift, were it not for the often adversarial environment of the political process. By opting out, they are left only with choices fashioned by others.

Similarly, grassroots activity, inquiry and informed judgment, within a party, must act as a check on unbridled decision making by a few party leaders. Passive partisanship invariably results in corruption of the democratic process.

This and a number of other items of memorabilia, can be downloaded at the [website of the Rockville Centre Democratic Club](#). We regularly post to the site current and historical documents that provide important and interesting information. If you would like to be on our regular mailing list, send a request to: editor@RVC-Dems.com.

If you have any memorabilia of RVC, Town of Hempstead, Nassau County or National political activity, that would enhance our published collection, you can either donate it to the Rockville Centre Democratic Club, or provide us with the opportunity to copy it so that we can post it on our website for all to see.

To provide such materials, please send an email to editor@RVC-Dems.com

A MESSAGE FROM THE ZONE LEADER

1973 is another important year in the political arena, with our local governmental structure up for election. We will also select this year numerous members of the judiciary, for existing sects and newly created ones.

In any other year, it would be only normal to note that the Democratic candidates are people of the highest integrity and principle, dedicated to the needs, aspirations and hopes of all the people whom they seek to serve. In this year of the Watergate, and of our own mini-Watergate, such qualities loom even larger in the public view.

We need the support of every Democrat and of every other voter who feels, as we do, that the issues are those of principle, best met by the Democratic Party, free from political bossism, machine politics, corruption and favors to the special interests.

I urge each of you to give careful and thorough analysis to the issues and to consider the candidates. If you do, I am sure you will support them, from Bill Deeley through the rest of the Deeley team, on November 6th.

MORRIS H. SCHNEIDER

A MESSAGE FROM THE PRESIDENT

This Journal is commemorative of the 50th Anniversary of the founding of the Rockville Centre Democratic Club. In it you will find advertisements from numerous local merchants and other individuals who recognize the need for good government and who support the two-party system. I urge our members to reciprocate, and patronize those firms who have assisted us through their advertising.

Once again, it is election time, and we are selecting this year those who will govern our Town and County for the next several years. The voters will determine whether mismanagement and Margiotta-ism will reign supreme and whether the special interests will continue to rule over the people. Honesty and integrity, qualities so long lacking from our local government, must be restored to their rightful place.

This year's campaigns have demonstrated again that the Democratic candidates, although better qualified than their opponents, lack their financial resources. An abundance of financial support cannot be permitted to become a ticket to public office. Let us all hope the election results show that money cannot buy an election in Nassau County, and that the public recognizes the quality of the Democratic candidates.

Let's make this a Democratic year.
